

3. The Myth Award

The Hang-Jia Myth Award is a special form of grace and recognition on the Hang-Jia stage. To date, it has been held three times.

The establishment of the Myth Award is beyond mere recognition of outstanding performances at international tea parties. Instead, it primarily intends to elevate spirituality and cultivate growth in oneness consciousness. The awards consider not only creative and artistic accomplishments but place a greater emphasis on the spiritual connections. The criteria for the Myth Award are mythical yet simple, rewarding the effortless perfection of ingenious skills, the harmonious energy of group resonance, the self-transcending breakthroughs, and the serene elegance of carefree creativity, and so on—turning the impossible into the possible.

The Myth Award categories include Best Vocal Performance, Best Dance Performance, Best Creative Performance, Best Individual Performance, Best Dedication, Best Contribution.

第四章 国际茶会

IV. International Tea Party

一 茶会精神

办茶会，是创造和谐的能量，带给世界爱与祝福。

每一场茶会对参与的每一个人来讲都是非常重要的，也对这个世界很重要，人们连接在一起的心灵网络，就一步一步照亮这个世界必须要走的路。当我们慢慢地照亮世界，实际上自己也已经一步一步地散发出最光亮的自己，这就是我们真正回归的旅程。

每次茶会都会在大自然中健行，融入大自然，协助我们跟自己的灵魂连接，唤醒我们内在本身的美，这种美已经失去了太久太久，我们也已经忘记。它让我们找回内在高贵的美，它所呈现的能量，能碰触我们的灵魂、我们的心，让我们找回爱，从心中升起爱。走进大自然，感受这份爱，对万物、对自己的成长、进化，真正的内在平静，都非常重要。

(i) The Spirit of Tea Party

Holding a tea party is to create harmonious energy, bringing love and blessings to this world.

Each tea party holds great importance for every participant, as well as for the world. As we connect together, our hearts weave a network that marks an essential path, leading us step by step. As we gradually brighten up the world, we are also radiating our brightest selves, step by step. This is our true journey home.

At every tea party, we take a nature walk, immersing ourselves in nature. This can assist us in connecting with our own souls and awakening the innate beauty within us. This beauty has been lost for far too long, lost in our oblivion. It allows us to reconnect with the noble elegance within us, manifesting an energy that touches our souls and hearts. It reconnects us with love, arising from our hearts. Embracing nature and feeling this love nurtures our growth, evolution, and true inner peace—each profoundly important.
